

Sept 2013

Dear Eileen,

The Holy Eucharist is the center of our lives and fills us with Christ's True Presence. The gift of the Eucharist helps us to live out Christ's command to serve and love one another. The Eucharistic Miracles exhibit allows people to see, in an explicit way, God's power through the centuries with these wonderful miracles that have taken place around the world. What happens at the altar is a miracle and this exhibit shows these special miracles that are beyond extraordinary. Many people came through this exhibit and were awe struck at the events. The exhibit is both a teaching tool and an opportunity to renew our understanding of what we truly receive at every Mass.

Peace and Blessings,

Fr. Jason Makos
Holy Ghost Parish, Whitman, MA
