We did not just hear beautiful music; we were graced with the language that transforms the soul. His stories uplift the human spirit and make his compositions that much more powerful.

– Headmaster of private school in MN

What a pleasure to listen to not only a world class pianist and composer, but an artist whose music translates beyond its genre to lift the audience to belief and hope in the power of the human spirit. I have been honored to be present at several of Eric's concerts.
